## About me

Licensed Doctor of Chiropractic with hands-on clinical and research experience in comprehensive patient assessment, spinal manipulation and adjusting, diagnostic X-ray interpretation, corrective chiropractic care, and neurologically based chiropractic protocols.

## Work

### **Strong Spine and Body – Sandy Springs, GA (2023)**

- Performed chiropractic adjustments.
- Conducted patient evaluations and orthopedic/neurologic assessments.
- Analyzed spinal X-rays and contributed to care plan development.
- Administered chiropractic biomechanics traction and corrective therapies.

### **Dr. Sid E. Williams Research Department – Atlanta, GA (2021-2022)**

- Assisted with chiropractic and neurologic research initiatives.
- Supported research participant orientation, consent processes, and data organization.

### **NeuroLIFE Institute – Marietta, GA (2019-2021)**

- Assisted Dr. Michael Longyear, D.C. in creating and administering neurologic chiropractic protocols.
- Supported patient care and clinical implementation of neurologic-based chiropractic treatments.
- Assisted with patient orientation, education, and clinical flow.
- Supported research documentation and administrative tasks.

## Education
