## PROFILE

I am a newly graduated chiropractor with an MSc in Chiropractic from AECC University College, UK, and a BSc (Hons) in Chiropractic from the International Medical University (IMU) in Malaysia.

I am passionate about delivering holistic, evidence-informed care that supports individuals across all life stages—from infancy through to older adulthood. I value clear communication, trust, and patient education, and I believe in empowering patients to take an active role in their own health. I strive to offer compassionate, flexible care tailored to each individual, while continuing to learn, grow, and contribute within a supportive team environment.

## INTEREST
