Alfie Beatty

OBJECTIVE

I am a motivated and dedicated MSc Chiropractic graduate and founder of a private practice, with comprehensive hands-on clinical experience gained through university-based training and real-world private clinic exposure. Skilled in conducting thorough patient assessments, formulating evidence-based treatment plans, and delivering safe and effective manual therapy and rehabilitation programmes.

Experienced in and enjoy presenting Reports of Findings, justifying clinical reasoning and adapting care plans to suit individual patient needs. Demonstrates a strong commitment to patient-centred care, professional integrity, and continuous development through ongoing CPD and reflective practice with a wide range of healthcare professionals.

Seeking to contribute to and learn within a forward-thinking clinic where I can continue refining my diagnostic accuracy, manual therapy techniques, and long-term patient management and retention skills, while positively impacting patient outcomes and contributing to a collaborative clinical team.

WORK HISTORY

Kinetic Chiropractic Care, Bournemouth | Owner

Oct 2025 - Present

- Founder and manager a private chiropractic practice, delivering patient-centred musculoskeletal care.
- Conduct initial consultations, clinical assessments, and evidence-based treatment sessions.
- Develop personalised rehabilitation programmes and provide lifestyle advice.
- Manage business operations including appointment scheduling, patient records, marketing, and financial administration.

Fordingbridge Chiropractic Clinic, Fordingbridge | Exercise Supervisor

Jul 2025 - Aug 2025

- Supervised patients performing prescribed rehabilitation exercises.
- Ensured correct technique and safe progression of treatment plans.

Bournemouth Chiropractic Clinic, Bournemouth | Receptionist

Jul 2025 - Aug 2025

- Managed front-desk operations in a busy clinical environment.
- Scheduled appointments, handled patient enquiries, and maintained confidential records.
- Developed strong patient communication and administrative skills within a healthcare setting.

Domino's, Pontypridd | Delivery Driver

Jul 2024 - Jun 2025

- Delivered high-quality customer service in a fast-paced environment.
- Demonstrated reliability, time management, and accountability.
- Managed order accuracy under pressure.

George Tapps, Bournemouth | Retail Assistant

May 2023 - Present

- Provided customer service in a high-volume retail setting.
- Handled transactions and maintained store presentation standards.
- Developed communication, teamwork, and adaptability skills.

Prior to these I worked in multiple hospitality and food service roles.

Additional Experience:

Prior to these roles, gained experience in various hospitality and food service positions, strengthening interpersonal skills, resilience, and the ability to work efficiently under pressure.

WORK EXPERIENCE

Bournemouth and Fordingbridge Chiropractic Clinic | Chiropractic Shadowing

Jul 2025 - Aug 2025

After completing my degree, I shadowed in a chiropractic clinic to gain insight into real-world clinical practice following completion of my degree.

- Shadowed various chiropractors across two busy private clinics.
- Observed initial consultations, clinical assessments, treatment sessions, and patient management strategies.
- Participated in CPD training to enhance clinical knowledge and professional development.
- Reflected on mock patient examinations to strengthen assessment skills and clinical reasoning.

University of South Wales | Welsh Institute of Chiropractic

Jul 2024 - Jun 2025

As part of my MSc Chiropractic Degree, I practiced within the University Clinic under supervision of experienced practitioners.

- Conducted initial consultations, physical examinations, and delivered treatment sessions.
- Presented Reports of Findings to members of the public, clearly explaining diagnoses and treatment plans.
- Produced detailed case reports, demonstrating evidence-based practice.
- Justified clinical reasoning and management plans to supervisors and peers.

University of South Wales | University Experience Placements

Summer 2025

During MSc Chiropractic, I completed various professional placement experiences as part of my degree.

Experience 1: Outpatient Physiotherapy Shadowing

- Observed management of a wide range of MSK conditions.
- Developed understanding of home exercise prescription and conservative care approaches.
- Gained insight into NHS clinical pathways and multidisciplinary collaboration.

Experience 2: Inpatient Physiotherapy Shadowing

- Observed management of complex MSK conditions within a hospital setting.
- Focused on geriatric patients with life-changing injuries and mobility limitations.
- Developed understanding of rehabilitation planning, discharge processes, and patient-centred care.
